

## ERUA TEACHING WEEKS

### Invite a colleague from one of the ERUA partner universities to your lecture or seminar!

ERUA brings together five young European universities that have joined forces to form a transnational university network with common values and goals in research, teaching and institutional development: The Universities of Paris 8 (France), Roskilde (Denmark), Konstanz (Germany), of the Aegean (Greece) and the New Bulgarian University (Sofia, Bulgaria) have all been created as places for educational reform in terms of curricula, interdisciplinary approaches, open science, assessment process and student engagement.

This alliance is based on a common ambition to develop a new type of collaboration, which connects European universities and makes it possible to rethink their place in the global context.

#### • What?

ERUA gives you an opportunity to establish collaboration in your particular field of interest with colleagues from our ERUA partner universities. The **Teaching Weeks** are meant to be a first step to get to know your counterparts. You can set up initial contacts via a virtual exchange within the framework of your seminar or lecture and thus draw out **opportunities for further cooperation**.

The possibilities are broad. For instance, you can:

- Create and run a course with a colleague from a partner university
- Create a virtual course as part of a seminar
- Invite a colleague to run a course for your students who would be interested in its specialty

#### • Who?

All members of the teaching staff can apply (enseignants-chercheurs, ATER, chargés de cours, doctorants).

#### • When?

The Teaching Weeks should take place between **November 2<sup>nd</sup> and 19<sup>th</sup> 2021**. If these dates do not convene to your schedule, please do not hesitate to contact us.

- **Where?**

Due to COVID-19 restrictions, the common lecture or seminar should take place as a virtual exchange.

Physical mobility can be financed through Erasmus+ staff mobility for teaching, if the organization of the planned teaching activities meets the Erasmus + requirements.

## **Deadline**
