Object: Declaration of Commitment to the Principles of the “European Charter for Researchers” and the “Code of conduct for the Recruitment of researchers”.

University of Paris 8 Vincennes Saint-Denis, represented by its president Annick Allaire, declares its commitment to the principles laid down in the "European Charter for Researchers" and the "Code of conduct for the Recruitment of Researchers". Furthermore, on July, 2nd 2021, our administrative board approved the decision to comply with the European recommendations in the field of research.

Indeed, we constantly aim at enhancing our international visibility and attractiveness by consolidating our international research activities and by increasing the participation of our academic staff in European research projects. That is why many aspects of the principles outlined in the Charter and Code are already common practice at University of Paris 8 Vincennes Saint-Denis. Moreover, we consider that the application of the 40 principles mentioned in Charter and Code is a prerequisite to fully continuing our effort regarding our European activities and our Human Resources policy. We confirm our intention to comply with the principles of the Charter and Code, and by this letter, we declare our commitment to implementing the Human Resources Strategy for Researchers (HRS4R).

Yours sincerely.

Annick Allaire
President
